Stock markets are volatile and can fluctuate significantly in response to company, industry, political, regulatory, market, or economic developments. Investing in stock involves risks, including the loss of principal.

The Equity Summary Score provided by LSEG StarMine is current as of the date specified. There may be differences between the Equity Summary Score analyst count and the number of underlying analysts listed. Due to the timing in receiving ratings changes into the Equity Summary Score model, the Equity Summary Score analyst count may lag the ratings count displayed by one or more days. There may also be analyst count variations for symbols with multiple share classes and ADRs. More details on Equity Summary Score calculation are included in the [Understanding and Using the Equity Summary Score Methodology \(PDF\)](#).

The Equity Summary Score is provided for informational purposes only, does not constitute advice or guidance, and is not an endorsement or recommendation for any particular security or trading strategy. The Equity Summary Score is provided by LSEG StarMine, an independent company not affiliated with Fidelity Investments. For more information and details, go to [Fidelity.com](#).

As with all your investments through Fidelity, you must make your own determination whether an investment in any particular security or securities is consistent with your investment objectives, risk tolerance, financial situation, and evaluation of the security. Fidelity is not recommending or endorsing this investment by making it available to its customers.

Foreign securities are subject to interest-rate, currency-exchange-rate, economic, and political risks, all of which are magnified in emerging markets. Illiquidity is an inherent risk associated with investing in real estate and REITs. There is no guarantee the issuer of a REIT will maintain the secondary market for its shares and redemptions may be at a price which is more or less than the original price paid. Partnerships issue a Schedule K-1 (Form 1065) rather than a Form 1099 form for tax purposes. It lists the partner's share of income, deductions, credits, etc. Speak with your tax advisor to determine how this may affect you. A royalty trust is a type of corporation, mostly in the United States or Canada, usually involved in oil and gas production or mining. Royalty trusts may have special tax treatment, so you should consult a tax advisor on the potential tax consequences of investing in them.
